Castle Ward Camping, Downpatrick, County Down

Welcome to the Pod

You are now looking at the unrivalled 'original and best' in providing what has been dubbed '**glamorous camping**' or glamping. The Pod is established as an exceptionally popular, flexible and convenient destination for those looking for 'free and easy' days away.

Designed and built to last, The Pod is able to open up new revenue streams like no other form of accommodation - seasons are extended, wash-out weekends eliminated and under-utilised parts of a 'site' can be brought into life with the addition of these elegant wooden structures.

The 'natural habitat' of this charming innovation has evolved to include the grounds of hotels, hostels, B&Bs and public houses right through to campsites and holiday parks with agri-tourism, a few zoos, fishing lakes and nature reserves added for good measure.

We have developed a range of Pods to cover both the practical demands of the operator and the expectations of the customer. So, if you think the Pod will fit in to your world, please read on!

Gorse Bank,
Dumfries & Galloway

"Enjoy the great outdoors, indoors..."

Where it all began...

The Standard Pod

Dimensions

External
2.56m (8ft 4in) x 3.94m (13ft)

Internal
2.32m (7ft 7in) x 2.70m (8ft 10in)

Head Room
2.1m (6ft 9in)

Sleeps

Woodside, Ledbury

Great for couples and families with younger children. The Standard Pod is where it all began - this warm, secure and affordable camping hut has been providing shelter for cyclists, walkers and campers since 2007. Best teamed up with the Family Pod to offer maximum booking flexibility.

A popular Pod...

The Family Pod

Hillcrest Park,
Richmond, North Yorkshire

Our most popular model - the Family Pod is a really versatile space providing 50% more floor area than the Standard Pod. The Family Pod provides the best return on investment and is spacious enough for operators to add simple furnishings where it is desirable to enhance the customer experience.

Dimensions

External
2.83m (9ft 3in) x 4.77m (15ft 7in)

Internal
2.66m (8ft 8in) x 3.52m (11ft 6in)

Head Room
2.2m (7ft 2in)

Sleeps

The BIG Picture

The Pod is still No. 1 because...

- We use premium materials and refined construction throughout
- We have international distribution
- We invest in sustained advertising
- We generate significant media coverage
- Over 80,000 Pod stays last year
- Over 600 Pods operational in the hire/rental market
- Over 150 sites in UK alone
- Annual 100,000+ unique visitors to www.thepod.info website

Eskdale, The Lake District

The Great Escape

The MegaPod

The MegaPod brings lodge-style luxury at a truly affordable price that is suited to either private ownership or commercial operation. This modest sized, but versatile structure has real ‘wow’ factor, all the fitting-out is ‘domestic quality’ to ensure the comfort and enjoyment of both guests and owners. The two versions vary simply in that the MegaPod-S is provided with a very classy ‘yacht’ type luxury wet room with shower as an alternative to the washroom in the standard MegaPod.

Dimensions

External
3.14m (10ft 3in) x 5.40m (17ft 0in)

Internal
3.00m (9ft 8in) x 4.37m (14ft 4in)

Head Room
2.2m (7ft 2in)

Sleeps

Sleeps

Upwood Park is located at Howarth in the West Yorkshire Pennines and they invested in five MegaPods in the early part of 2011.

As well providing an ideal complement to the Standard and Family Pods on the site the additional comfort levels provided by the MegaPods mean they are booked from Easter to October, the festive period and most out of season weekends.

Upwood Park, Howarth, Yorkshire

affordable lodge-style luxury

MegaPod-S

Interior

The MegaPod can also be supplied as a 'suite' where the kitchen is replaced by a wardrobe and a hot drinks point. (This classifies as ancillary accommodation).

There is an option to install an electric under-floor heating system. The MegaPod can be constructed on a galvanised twin axle chassis if greater portability is required.

We do not supply a decking panel with this size of unit.

West Stow, Suffolk

West Stow Pods first opened their MegaPod-S doors to guests back in early 2013. Bookings were strong from the start which has justified adding two further units to the original pair as the interest and appreciation of the 'boutique' experience grows.

These MegaPods are located in a wooded area in the grounds of a private house not far from the Anglo Saxon village recreation near Bury St. Edmunds in Suffolk. The MegaPod-S is technically a self-contained 'mobile home' so planning permission was required for the development. West Stow is proving to be a touchstone for a number of small private 'hospitality' developments around the country where a suitable location and the other necessary ingredients are to be found.

Pod Village

The Falcon Inn Pod Village is situated mid way between Scarborough and Whitby on the edge of the North York Moors National Park and enjoys panoramic coastal views from its elevated location. The Pods are an addition to the popular gastropub that has previously operated a small seasonal campsite. The owners have gone the extra mile and laid out eleven Pods in a specially created landscaped garden setting which complements the high standards set by the inn.

Delivery Solutions

Our standard method of delivery is by trucks equipped with typically 14m c-c hydraulic cranes. Sometimes a location will dictate different methods of delivery and years of experience in overcoming access difficulties means we can advise various practical and economic solutions to realising your project

Our commitment to the environment:

This brochure is printed on 100% recycled stock

The background of the entire page is a photograph of a wooden pod with a curved, arched roof. The pod is situated in a field of tall green grass and yellow wildflowers. The sky is blue with some white clouds. The pod has a window and a door, and its exterior is made of light-colored wood. The foreground is filled with out-of-focus yellow and white flowers, creating a sense of depth.
